Summary

Link a department from USR_DEPARTMENT to one and only one record in WM_PARM_DEPARTMENT which optionally links 3 dynamic keys.

WM_PARM_DEPARTMENT structure

Structure of WM_PARM_DEPARTMENT

- DEPT, PK, varchar(2)
 - o USR_DEPARTMENT.DEPT + VT_USER.DEPART
- OVERRIDE_SEQ, smallint
- AR_CLASS, varchar(15)
 - o AR_PARM_CLASS where SUB_SYSTEM is (LM, LM2) (Create using GNA, Ar Class Editor)
- AUTO_LINK_APPL, smallint
- AUTO_LINK_OWNER, smallint
- ALLOW_MULTI_TYPE, smallint
- USE_ACTIVITY_DATE_EXP, smallint
- AUTO_LINK_SYSTEM_IDS, smallint
- SHOW_ALL_LICENSES, smallint
- INSP_TERR_CODE, varchar(15) →VT_USER. INSPTER
- INSP_USE_LIGHTSCHED, smallint
- INSPECTOR_AUTO_ASSIGN, smallint
- INSPECTOR_BY_INSP_TYPE, smallint
- INSPECTOR_SHOW_INACTIVE, smallint
- INSP_GENERATE_FEE, smallint
 - o INSP_FEE_REASON_CODE, smallint →VT_USER. WMINTYRE
- INSP_FEE_AMOUNT_EXP, varchar(max)
- INSP_WARN_UNLINK, smallint

Functionalities

- Cannot create and delete departments so both are disabled.
- Cancelling modifications will revert the record back to its persisted value if any (empty otherwise)
- When saving changes, create or update a record in WM_PARM_DEPARTMENT
- Overriding the dynamic keys creates or updates the 3 keys with the names in USR_KEY_DYNAMIC:
 - o APPLICATION[DEPARTMENT:<CODE>]
 - o NUMBER[DEPARTMENT:<CODE>]
 - o CERTIFICATE[DEPARTMENT:<CODE>]
 - o Otherwise, the keys are deleted from the table.
- Checking the flag “Automatically Assign Inspectors” will enabled the flag “By Inspection Type”. Unchecking the flag with disable and uncheck the other flag.
- Checking the flag “Generate Fee from inspection” will enable the Reason Code combobox and the fee expression which are both required. Unchecking the flag disables and empty both.
